

Earth Week at The Great Falls Discovery Center

HABITAT QUEST: Find the Human Impact on our Habitats

What are the ways that humans have helped or hurt the habitats along the Connecticut River? You can find examples in our exhibit dioramas. Accept the challenge! You can use the timelines to get ideas that can be used for many habitats, and you can use your own ways to make a positive difference.

Estuary and Barrier Beach

1) How have we helped?

2) How have we hurt?

Salt Marsh

1) How have we helped?

2) How have we hurt?

Sand Plain and Grasslands

1) How have we helped?

2) How have we hurt?

River
